A **new mobile app update** is set to be launched on January 21st.

What do you need to know?

- ▶ If you have auto-updates enabled, the app will update on its own. If you do not have auto-updates enabled, you will have to manually update the app from the app store.
- ▶ Your current Login ID ▶ Your current password
- ▶ Your current answers to your MFA Security questions

Being prepared with the above information will ease the update process. And as always, we are here to help if you have any questions.

A **new website update** is also coming in the spring. Please watch our Facebook page and your monthly statements for messages regarding this exciting change.

THE GREAT SUCCESS!

Our 2025 CU Kids Christmas Tree Program was also a success once again! The CU Kids Program, in partnership with our members and several local businesses*, were able to provide over 100 families with gifts and needed household items this holiday season.

Not only did our CU Kids Christmas Tree Program provide gifts and household items, our Marketing Director, Amanda Bartels, saw a public post from a local group called Citizen Santa – a group that helps share posts of local families who are less fortunate this holiday season. The families get adopted by other community members and businesses to help make Christmas a little brighter. Amanda saw the request for winter gear was high and quickly contacted the Citizen Santa Coordinator! Amanda's words, "no child should be left cold, and this is bigger than the gifts under the tree!" After all the effort by her and her co-workers, we were able to provide winter gear to over 39 children to protect them from Old Man Winter's frigid bite!
